

# ESTELLA REGINE MUNDA

## Geodetic Engineer

I'm a licensed geodetic engineer with 2 years of experience in a government office, where I focused on surveying, mapping, and land administration. My work has strengthened my skills in accuracy, compliance, and project coordination, while also giving me the chance to contribute to community development. I'm passionate about using my expertise to support sustainable growth and ensure that every project I handle meets the highest standards of precision and integrity.

### WORK EXPERIENCE

#### Engineer I

DPWH | Jan 2020 - July 2022

- Assisted in the preparation, verification, and evaluation of survey and engineering plans for infrastructure projects.
