

ESTELLA REGINE MUNDA

GEODETIC ENGINEER

Licensed Geodetic Engineer with a strong technical foundation and an emerging interest in content creation and digital storytelling. I aim to combine data, design, and creativity to create content that informs and connects with people.

EXPERIENCE

ENGINEER I

DPWH ROV 2020 - 2022

- Works as a Geodetic Engineer at DPWH Regional Office V, contributing to surveying, mapping, and infrastructure development projects. Assists in data analysis, project planning, and ensuring accuracy in geospatial information used for public works and construction initiatives.

CONTENT CREATOR

2022-Present

TIKTOK

- Creates fun and relatable gaming content on TikTok, showcasing gameplay moments, sharing tips, and connecting with fellow gamers through entertaining videos.

EDUCATION

Bachelor of Science in Geodetic Engineering

Rimberio University, Graduated May 2018
